Sir:

The references cited on the attached PTO/SB/08A and PTO/SB/08B forms are being called to the attention of the Examiner. This IDS is submitted *after* the Notice of Allowance has been issued. These references were cited in a GB Search Report and categorized as "A: Document indicating technological background and/or state of the art." We have reviewed these references and determined that they are either not material to patentability or cumulative to information already of record. We are submitting these references and bringing them to the attention of the Examiner in an abundance of caution. Applicants understand that the references may not be entered, but request that the Examiner consider these references and place them in the application file wrapper.

Enclosed is a copy of the Search/Examination report corresponding to the Great Britain application.

As provided for by 37 CFR §1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

Applicant believes that no fee is required for submission of this statement. However, if a fee is required, the Commissioner is authorized to deduct such fee from the undersigned's Deposit Account No. 20-1430. Please deduct any additional fees from, or credit any overpayment to, the above-noted Deposit Account.

Respectfully submitted,

Craig C. Largent
